Mr. John N. McMahon
Deputy Director
Central Intelligence Agency
Washington, D.C. 20505

Dear John:

As you know, the Federal Emergency Management Agency (FEMA) has the responsibility for the Civil Defense Program. The President has personally insisted that we stick with the schedule that he established; that is, a 7-year program. Last year we took a whipping from our House Appropriations Subcommittee (Boland), and it is obvious that our task will be made much easier this year if the House Appropriations and House Armed Services Subcommittees which deal with our budget are made aware of the current CIA Soviet assessment.

I request that [redacted] conduct a briefing, not to exceed ^{STAT} 1 hour, for the House Appropriations people on either March 16 or 17 and for the House Armed Services people on either April 4 or 5. The briefing is to be closed. We can work out the details well in advance of the presentation dates. I recognize this is short notice, but we are trying to juggle 14 balls simultaneously and need all the help we can get. In order to complete our planning, I request an early reply.

Sincerely,

A handwritten signature, "Jeff", is written in cursive script.
